Subject: Exide Public Hearing Rescheduled for Wednesday, Feb. 3, 2016

UPDATE

**Exide Public Hearing Date Rescheduled
to Wednesday, February 3 from 6:00-9:00pm**

The Department of Toxic Substances Control (DTSC) Permitting Division re-notices our invitation for you to comment at a Public Hearing on the Exide Technologies Battery Recycling Facility's (Exide's) draft Closure Plan for the facility located at 2700 South Indiana Street in Vernon, CA and comment on DTSC's Draft Environmental Impact Report (DEIR) which identifies the potential environmental impacts associated with the proposed activities described in the draft Closure Plan. Approval of a Closure Plan would begin cleanup and deconstruction of buildings at the facility.

Earlier this month, DTSC mailed out a public notice announcing the start of a 60-days comment period for the draft Closure Plan and DEIR which began December 8, 2015 and ends February 12, 2016. **DTSC has rescheduled the public hearing for February 3, 2016**, at the Commerce City Council Chambers located at 2535 Commerce Way in Commerce, CA, from 6:00 pm to 9:00 pm. At this hearing, you can provide oral or written comments and any supporting data on the draft Closure Plan and DEIR for consideration before DTSC approves the Closure Plan and certifies the Final EIR.
